A large audience turned out last
Sunday morning at all the churches.
It was a beautiful day.

The Christian Endeavor of the
Nineteenth Street Baptist Church,
after its meeting in the afternoon last
Sunday, marched in a body to the
Congregational Church, corner 16th
and G, where a sermon was preached,
dedicated to them.

ANNUAL MEETING OF THE INDUSTRIAL BUILDING AND SAVINGS COMPANY.

The annual meeting of the Industrial
Building and Savings Company, was
held at Lincoln Hall on last Tuesday
evening, on which occasion a large num-
ber of the stockholders of the associ-
ation were present. The meeting was
presided over by its president, Mr. Lewis
H. Douglass, and the annual report
of the business done by the company
during the past year was read by its
secretary, Mr. Henry E. Baker.

In submitting his report, the secre-
tary stated that, owing to the general
depression in business matters, affecting
the income of the company, the receipts
for the year just closed had suffered
some decline in comparison
with the previous year.

The report showed that the total re-
ceipts of the company since its organi-
zation amounted to \$130,827.00. Of
this amount \$6,448.00 has been loaned
to members with which to buy homes.
The amount of \$9,000.00 has been paid to members
in withdrawing their savings, and over
\$5,000.00 has been paid to them as earn-
ings on their investments. The chair-
man of the auditing committee, Prof.
James Sturum, stated that he had ex-
amined the books of the company, and
found that the report of the secretary
was accurate in every item.

Several speeches were made by differ-
ent members of the company, notably
among them being Prof. W. S. Mont-
gomery, ex-president of the association,
and Rev. W. A. Credit, pastor of the
Bureau Baptist Church, all of whom ex-
pressed great gratification at the suc-
cess the company has achieved and urged
those present to give to the enterprise
their hearty co-operation and support.

The annual election of directors was
held and resulted in the re-election of
the old board as follows: Mr. Lewis H.
Douglass, Prof. W. S. Montgomery, Dr.
John R. Francis, Mr. L. C. Bailey, Prof.
James Sturum, Prof. J. D. D. Baim-
more, Mr. John A. Pierre, Mr. Jerome
A. Johnson, Dr. James R. Wilder, Mr.
Henry E. Baker, Mr. Robert H. Terrell,
Mr. J. Archibald Lewis, and Mr. An-
drew F. Hillyer.

The company agreed to take steps
looking to the proper celebration of the
14th anniversary of their organization,
which will occur next May. A com-
mittee consisting of Mr. Andrew F.
Hillyer, Rev. W. A. Credit, Mr. Jerome
A. Johnson, Mr. Clifton Chirous, and
Miss Lucinda Chase, was appointed and
given the duty of carrying out this pro-
ject.

Subsequently, the board of directors
met and completed the official board of
the company by the re-election of Lewis
H. Douglass as president, Robert H.
Terrell as vice-president, John A.
Pierre as treasurer, and Henry E. Baker
as secretary.

The board has decided to establish a
branch office in Anacostia, and later
on, they may also establish branch of-
fices in Georgetown and on Capitol Hill.

The Lindell Hotel Company's refusal
to accommodate Madam Sisselretta
Jones last week on account of color was
a disgrace to the city and an insult to
the race. Must intellectual work, mu-
sical ability and ladylike deportment
plead in vain to be white man for fair
treatment? 'Tis a great shame, a great
insult.

WEDDED IN SPITE OF THEM.

A Runaway Marriage to Which the Par-
ents Offered Fruitless Opposition.

Pocomoke City, Md., Jan. 2.—The
Parker Hotel was the scene of a ro-
mantic marriage yesterday. The con-
tracting parties were Douglas L. Som-
mers and Miss Florence Lewis, of
Bloxom, Va. They came here to es-
cape the wrathful ire of their object-
ing parents. The Rev. E. S. Tuttle
was sent for, and performed the cere-
mony in the parlor of the Parker Hotel.
Mrs. Lewis, mother of the bride, ar-
rived early yesterday morning in
pursuit of her daughter, who she says
is under age. She caused a great deal
of excitement over the girl's marriage,
but Mr. and Mrs. Sommers left on a
train for their home in Virginia in
the afternoon.

FIFTY LIVES LOST.

Fearful Storms Along the British and
French Coasts.

London, Jan. 2.—Fearful storms are
reported from all parts of the British
and French coasts. It is estimated that
at least fifty lives have been lost. The
Ramsgate (Kent) lifeboat crew put
to sea at midnight and returned at
noon with the crew of the schooner
London, wrecked on the Goodwin Sands.
It is regarded as certain that the col-
lier Napoli and the fishing steamer
Nordsee both foundered off the Dutch
coast on Saturday. There were twenty-
five persons on both vessels, and there
is hardly a doubt that all of them were
drowned. A number of fishing boats
which left Cherbourg on Saturday
have also been lost, and probably their
crews.

The Girl Was Saved.

New Brunswick, Jan. 2.—While
skating on the Raritan River yester-
day afternoon, opposite this city,
Mamie Farrington, aged fifteen, a
daughter of Patrick Farrington, of No.
120 Burnet street, and Charles Cross-
sin, aged nineteen, of No. 11 Hassart
street, narrowly escaped drowning.
The young couple skated out on an ice
hole. Young Crosssin skated quickly,
but before he could turn to assist his
companion, James Payton, of No. 287
Redmond street, plunged into the icy
water, and, assisted by Richard Har-
denberg, Jr., rescued Miss Farrington.
She was taken to Klein's restaur-
ant in Albany street, and soon recovered
from the shock attending her
plunge into the cold stream.

Another Hotel Holocaust.

Lancaster, Ky., Jan. 2.—The Miller
Hotel was burned yesterday. There
were four persons in the building at
the time—Edward A. Pascoe and wife,
his baby, about two years of age, and
his mother-in-law, Mrs. Masters. The
wife only escaped. No other persons
were in the hotel, as Pascoe had made
all arrangements to give it up. The
fire is believed to have been of incendi-
ary origin.

A Street Car Accident.

Brooklyn, N. Y., Jan. 2.—Six per-
sons were injured in a street car ac-
cident in Brooklyn yesterday. A car
of the Franklin avenue line was run into
and wrecked by a car of the Fulton
street line. The injured are William
Purbo, John Salkor, Charles W. Mur-
phy, a well-known bicyclist, severe in-
ternal injuries; A. W. Franklin, Mrs.
Elizabeth Saunders, of Jersey City.

Moeder Defeats Donoghue.

Newburg, N. Y., Jan. 2.—Yesterday
afternoon a large crowd witnessed the
skating races on Orange Lake, which
had been arranged as preliminaries to
the National Amateur Skating Associ-
ation races set for January 19. The
principal event was the race between
James A. Donoghue, of this city, and
Howard Moeder, of Storm King.
Moeder won easily.

Mexico Shaken.

St. Louis, Mo., Jan. 2.—A special to
the Globe-Democrat from the City of
Mexico says that Sunday night an os-
cillatory earthquake shock was felt
in that city and other parts of the
valley of Mexico. The movement was
east and north, but of short duration.
The disturbance caused great alarm.

Killed at a Crossing.

Guth, Me., Jan. 2.—Miss Catherine
Patten, aged eighteen, was killed and
Miss Jenny Harvey and Mr. William
Thompson were severely injured at
the Centre street crossing of the Maine
Central railroad yesterday. The party
were driving home when the train
from Boston struck and demolished the
carriage.

Blown Up by Dynamite.

Newton, Mass., Jan. 2.—Timothy
Mallery and James Ford, while dig-
ging in a trench at Newtonville yester-
day, were hurled twenty feet by the
explosion of a dynamite cartridge.
Mallery died soon after. Ford is se-
verely hurt.

Killed His Wife and Child.

Bay City, Mich., Jan. 2.—Daniel G.
Tromley, a lumber inspector, twenty-
eight years of age, crazed over politics,
murdered his wife by cutting her
throat, smothered his child and set
fire to the house. Tromley was ar-
rested. He attempted suicide by
jumping into a well.

A FEARFUL WRECK.

A British Bark Goes Ashore and Her
Crew is Drowned.

London, Dec. 31.—The British bark
Osseo was wrecked in a gale at Holy-
head yesterday morning, and with her
perished her entire crew of twenty-six
men. The Osseo was driven ashore
back of the Holyhead breakwater. Her
signals of distress were first heard by
the coast guard about 4 o'clock in the
morning. At that time it was pitch
dark, and great waves were washing
over the breakwater. In spite of the
danger of being washed into the sea,
the guard proceeded along the break-
water, and, having rigged up the rock-
et apparatus, began firing life lines in
the direction of the wreck. The faint
light of the rockets soon disclosed the
fact that the vessel had broken in two
amidships, and that the main mast
had fallen, crushing the lives out of
several of the crew. A few survivors
could be seen clinging to each half of
the vessel, and their piteous cries for
help could be heard above the roar of
the storm. After many failures the
coast guard succeeded in firing a line
over the wreck, but by that time all
on board had perished. A lifeboat
vainly tried again and again to ap-
proach the wreck. Not a vestige of the
bark could be seen to-day, and there
is no prospect of any salvage. The
Osseo was a bark of 1,399 tons. She
arrived at Falmouth on December 15
from Talat, and had been ordered to
Anderson. Reports of stormy weather
continue to be received from all parts
of Europe. Numerous small wrecks
and casualties are reported in Great
Britain and Ireland. Many lives have
been saved by lifeboats. A severe gale
is blowing on the Baltic, and navigation
is suspended at Copenhagen.

PARKHURST DISSATISFIED.

An Understanding Between Laxow and
Supt. Byrnes.

New York, Dec. 31.—In an interview
with a Tribune reporter, Dr. Park-
hurst was asked: "Have you any idea
from reading the testimony of Supt.
Byrnes that there was a previous un-
derstanding between the Superintendent
and the Laxow Committee?" He
replied: "There is not the slightest
doubt about it. In fact, I am free to
say that I knew some time ago that
there was an understanding between
the committee and Mr. Byrnes. I am
not prepared to say that Mr. Goff had
any knowledge of it, but the under-
standing involved the manner in which
Mr. Byrnes was to be treated. Just
what the understanding was I decline
to state, but I knew that Byrnes was
not to be badly damaged. I first made
up my mind that there was an un-
derstanding when I heard that Byrnes
was supplying the committee with in-
formation. My sentiments in regard
to Mr. Byrnes are the same now as
they always have been. I have been
fighting Mr. Byrnes three years, and
he has been fighting us, and I am firm-
ly of the conviction that if I care for
the safety of our organization I can-
not afford to become allied with the
enemy in any way, shape or manner.
I look upon Supt. Byrnes as a con-
stituent part of a system that is corrupt,
and for that reason I do not believe it
is wise to have any dealings with him."

A Chinaman Suicides.

Watertown, N. Y., Dec. 31.—Lee
Ling, a Chinese, aged eighteen, who
had been a prisoner in the county jail
here since November 19 on a charge
of assault, committed suicide in his cell
yesterday afternoon by hanging. On
November 19 Ling entered a laundry,
of which his cousin, Charles Jim, is
proprietor, and demanded \$200, say-
ing he wanted to go back to China.
Jim refused to give him the money,
and Ling, armed with a long knife,
thereupon rushed upon him, cutting
his arm and inflicting other slight
wounds. Ling had been in this coun-
try only two years.

A Hermit Frozen to Death.

Wichita, Kan., Dec. 31.—Emile Lan-
nes, a hermit for a dozen years in a
canyon in Beaver County, No Man's
Land, was found frozen to death in
his rude hut. A crucifix was grasped
tightly in one hand and a rosary in
the other. He was ninety years of age
and was said to be a son of one of
Napoleon's marshals. The hut he lived
in contained nothing but a rough table,
a few cooking utensils and about fifty
volumes of French religious books.

A Fire at Sing Sing.

Sing Sing, N. Y., Dec. 31.—Fire was
discovered in the storehouse and laun-
dry of Sing Sing prison yesterday
morning. Although the firemen re-
sponded promptly the flames had gain-
ed considerable headway. The burned
buildings are located in the northeast
portion of the prison yard. The loss
is estimated at \$2,500, and is not in-
sured. The cause of the fire is a mys-
tery.

Stamped Envelopes Cheaper.

Washington, Dec. 31.—Third Assist-
ant Postmaster-General Craige has is-
sued a circular informing postmasters
of a reduction in the prices of stamped
envelopes and newspapers after Janu-
ary 1, 1895. The general public will
not derive much benefit from the
change, but buyers in large quantities
will secure them a little cheaper.

A STEAMER SUNK.

The City of Missouri Strikes a Rock in the Ohio.

Louisville, Jan. 21.—The big New Orleans packet, the City of Missouri, struck on the Indiana side of the Ohio near Alton, Ind., and went down in fifty feet of water. She gave a heavy lurch forward and sank rapidly. Four passengers on the City of Owensboro, passing here last evening, were picked up near the Kentucky shore. They swam for life on planks and reached the willows. One reached the shore and the others remained in a tree many hours until rescued.

C. E. Hydes, local agent of the Memphis, New Orleans and Cincinnati Packet Company, reports that there were only nine passengers aboard the steamer when she went down, and it is believed that none of them was lost. The boat had a full crew of about fifty men. The latest information obtainable is to the effect that the only persons lost were roustabouts. The number is not believed to be over five. The value of the steamer was \$40,000.

DISTRESS IN NEBRASKA.

No Picture of the Suffering Has Been Overdrawn.

Greeley Centre, Neb., Jan. 21.—The distress in this part of the State is appalling. No picture of the suffering has been overdrawn and a great many and cases have been suppressed. Hundreds of families have nothing to eat and no fuel and children are so nearly naked that they are kept from school. At least one-fifth of the people of this county have become county charges. It is impossible for the people to care for the destitute and unless a large amount of outside assistance is received at once many farmers and their families will perish. The people are most in need of clothing. Some of the best farmers, whose lands are uncultivated, are as destitute as tenants, because they cannot realize on any kind or class of securities. A great many of the floating population left the State last fall, and all who are here are actual residents, most of them owning their homes.

WORK OF VIGILANTES.

The Body of Defaulting Treasurer Scott Found in the River.

O'Neill, Neb., Jan. 21.—The body of Barrett Scott, the defaulting Treasurer of Holt County, who while out riding with his family New Year's Day was fired upon by a party of vigilantes, and after being wounded was dragged from his carriage, blindfolded and carried off by his assassins, has been found in the Niobrara River. A new hemp rope was found around his neck and the end, about three feet long, was dangling in the water. Evidence showed that he was hanged by the vigilantes before being thrown into the water. The excitement is intense. Those who were the loudest to denounce Scott when his defaulting, amounting to nearly \$100,000, became known, and were ready to wreak their vengeance on him then, are among those making threats against his assassins.

The Whiteway Disabilities.

St. John's, N. F., Jan. 21.—Gov. O'Brien has received a dispatch from the Imperial Government refusing to assent to the bill for the removal of the disabilities of Sir William Whiteway and his colleagues. This refusal will probably compel the Government to accept a royal commission to investigate the colony's affairs. A number of persons implicated in the bank scandals are likely to be arrested. Among them will probably be some of the directors.

Murder and Suicide.

Chillicothe, O., Jan. 21.—James O'Brien, aged thirty-six, a bootmaker, in the Baltimore and Ohio Southwestern shops, shot his wife four times, two shots taking effect, and then turned the weapon upon himself. Both will die. O'Brien is a miser, and the shooting was occasioned by his wife selling four chickens and using some of the proceeds in purchasing sugar.

The Flight of Planta.

Nanaimo, B. C., Jan. 21.—Police Magistrate Planta left town in a small mail boat with his youngest son. The boat was seen later in the day heading for the American side. A hurried investigation of his affairs shows that for years he has been in the habit of converting public money and trust funds to his own use.

Got Ahead of the Law.

Taunton, Mass., Jan. 21.—George Rusey, sixty years old, an inmate of Taunton jail, awaiting the action of the Grand Jury for the alleged manslaughter of his wife in Fall River on December 26 last, hanged himself to the bars of his cell with his handkerchief.

Futile Attempt to Rob a Bank.

Moments, Ill., Jan. 21.—An attempt to rob the Exchange Bank of this place was made at 10 o'clock yesterday morning by a party of burglars, two of whom were captured. The others escaped, but did not secure anything of value.

Arms for Peruvian Revolution.

San Francisco, Jan. 21.—M. S. Garcia, a Peruvian political refugee, has arrived in the city with considerable money. It is said his mission is to purchase arms and ammunition for the Peruvian revolutionists.

Gave Himself Up.

Brooklyn, Jan. 21.—George Washington, a negro, who Saturday night shot and killed James Hargrave, also colored, in a quarrel over a game of pool, surrendered to the police yesterday.

Duke of Argyll and Lord Churchill.

London, Jan. 21.—A dispatch from Glasgow says that the Duke of Argyll is weaker.

Shot Himself.

Gloucester, Mass., Jan. 21.—The body of Herbert Farr, aged thirty-five, of Rockport, who has been missing since Friday, was found yesterday. Farr had shot himself.

A LIBERAL ORGAN OFFER.

That there has been a revolution in the manufacture of Organs and Pianos is evinced by the current offer of Cornish & Co., the well known manufacturers of Washington, N. J. For the next 60 days they offer to sell an organ or \$42.50, which a short time ago would have been considered a desirable bargain at \$75.00. With this they offer terms of credit that are sure to meet with the approval of every fair-minded person. Cornish & Co. are the largest makers of Pianos and Organs in the world selling direct from the factory to the home. Since the conception of this great business, nearly thirty years ago, they have been fighting the method of selling instruments through agents and dealers, their plan being to give the enormous profits usually retained by the tradesman to the buyer. Their efforts to place first class instruments within the reach of all, at manufacturer's prices and the most liberal terms, deserves the highest commendation. Every one who is contemplating the purchase of an Organ or Piano, should get the catalogue issued by this firm. It illustrates and describes all the latest and best designs of Organs and Pianos with prices and special offers that are sure to prove profitable. They general offer to send it to free to all who write and mention the BEE.

SPRING FASHIONS.

The recently imported fine woolen goods show much rougher surfaces than those which have been worn for some seasons.

Blue in an ascending scale, from the darkest tint to the lightest, and gradually fading off into faint pink, is quite new.

An exquisite tea jacket of creamy white brocade, has an accordion plaited pink chiffon front fastened with diamond studs. This dainty creation can be diversified with new vests which can be alternated at pleasure. The jacket sleeves are removable for dress occasions, at which time sleeves to match the dress may be worn.

It seems at present, as if there were no limit to the pretty and becoming collars and collarettes; but fashion is proverbially capricious, and already on some of the latest bodies, are the high neck bands with sharp points turned outwards and faced with heavy passementerie or lace.

A pretty costume for a little boy is of the time of Louis XIII, of royal blue velours; zouave patacouche; the blouse has one large deep plait at the back and three in front; the wide sleeves have a cuff, surrounded with fur; large collar of fur or embroidery, with light silk cravat.

Three sections of a coal train piled up and caught fire. The accident occurred upon a bridge and the trains toppled over into the ravine. One man was killed and four were injured by the accident. Fireman William Baxter, of Bradford, who was on his engine in the second section, had his arm so badly crushed that it was amputated later. The middle brakeman, named McPhail, who was in the caboose, was buried beneath the wreckage and it is feared was burned in the fire that followed. No trace of his body can be found. Conductor James Morrow, of Bradford, was badly bruised, and another, whose name could not be learned, was injured. Flagman Traynor was injured about the arms and body, but not seriously. FEMALE FOOTPAD.

Knocks a Railroad Man Down and Rifles His Pockets.

Jersey City, Jan. 23.—The first female highwayman on the records of Jersey City, so far as Chief Murphy knows, was arrested in New York by Jersey City detectives. She knocked down Frank Fiel, twenty-five years old, of No. 152 Railroad avenue, Jersey City, with a sandbag and robbed him of \$8 at 2 o'clock last Tuesday morning. Fiel is a messenger for the Pennsylvania Railroad. A stalwart woman without a word brought a sandbag down on the back of his head with a force that sent him flat upon his face. His next recollection is that the woman was rolling him over and going through his pockets. Policeman Ackerman and Harrigan pursued the Amazon to No. 123 Railroad avenue. The next day Jessie Lewis, alias Davis, twenty-five years old, was arrested. She had been in Jersey City a week. Chief Murphy says he has reason to believe that she came from Chicago and is wanted for other crimes.

MANY SEATS FIRED.

THE TROOPS AND POLICE AND THE STRIKERS.

FORTY HAVE BEEN INJURED.

New York, Jersey City and Newark Electric Men Consult With the Brooklyn Men With a View of Making the Strike General—An Attempt to Burn a Depot.

Brooklyn, Jan. 22.—The first serious clash between the troops and police and the Brooklyn strikers occurred at Myrtle and Gates avenues last night. Three companies of the Seventh Regiment, of New York, under Major Kip, were escorting the first car that has left the Ridgewood station since the strike, when they were attacked by a mob. They drew their revolvers and fired into the crowd. There was a return fire from the mob, who sent a scattering volley. Private Ennis, of Co. H, was wounded by a pistol shot. Six members of Co. G were injured by stones. Capt. Dunn, of the Fourteenth Precinct, was badly battered by the strikers. George Mohrman, patrolman of the Twentieth Precinct, was beaten by strikers and sent to the hospital. Four strikers were wounded and carried away by friends. So far as is known thirteen persons were injured in the battle.

The car which was the cause of all the difficulty had to be defended all the way down Gates and Stuyvesant avenues. At almost every corner it was assailed by a mob, and the police fired their pistols, and finally the troops fired their muskets into the air to keep off the strikers. Capt. Appleton said: "My company shot to kill and a number of the rioters were hit and carried away by their friends."

Col. Appleton's guard dispersed crowds with the butt ends of their muskets.

It is now learned that an attempt was made to burn the depot last night. Delegates from the electric lines of New York and Jersey City and Newark will come here to consult with the local strikers with a view of making the strike general.

Another conference between the strikers, the Mayor and the railroad officials will be held with a view of fixing up the grievance.

Inspector Jennings, of the Brooklyn Heights Company, was assaulted by strikers near the Halsey street station of the Brooklyn elevated this morning.

REVOLUTION IN HAWAII.

The Royalists of the Island Resort to Armed Force.

San Francisco, Jan. 21.—The steamer Alameda arrived from Auckland and Sydney via Honolulu Friday afternoon and brought news of a revolution and bloodshed at Honolulu. Charles L. Carter, who was one of the annexation commissioners, was killed and other Government supporters were wounded. There has been much fighting, and at least twelve natives have been killed. Nearly 200 royalists are under arrest. Robert Wilcox is the leader of the rebels. The fighting was still in progress when the Alameda arrived at Honolulu on January 11, but the Government forces had practically overcome the revolutionists. On Sunday, the 6th inst., a squad of the police and civilian guard went to search the house of Henry Bertelman, a prominent royalist, for arms. They were attacked by a band of natives and Charles Carter was killed and Lieut. Holl Carter was wounded. Reinforcements from town drove away the natives. The next morning 200 of the native insurgents, who were entrenched behind a stone wall and had an howitzer, attacked Lieut. Coyne's force of twenty-five regulars twenty-five mounted policemen under President Murray, of the Citizens' Guard. Had the natives waited they would have annihilated the Government force, but the shower of bullets and shrapnell did no harm, and the Government forces established a camp. In Honolulu the militia and Citizens' Guard were seen, martial law was proclaimed and all saloons closed.

Washington, Jan. 21.—Minister Thurston said, after reading the dispatches from Hawaii: "There is not a single person of standing, responsibility or property in any way connected with the rebellion. It was an inconceivable piece of folly, with no possibility of success against the Government, and its effect will be to strengthen the Government."

Charles Carter, the unfortunate supporter of the Government who was killed in Hawaii, is known here as an exceedingly capable and accomplished man. He was a son of the late Minister Carter.

Secretaries Greeham and Herbert called on the President at the White House at 10 A. M. Saturday in regard to the Hawaiian complications and entered upon a discussion of the situation.

Big Fire in Williamsburg.

The New York Fur-Cutting Company's Factory Burned.

New York, Jan. 21.—The big factory of the New York Fur Cutting Company in Williamsburg, extending from No. 156 to No. 170 Meeker avenue and through to Lombardy street, was destroyed by fire Friday night. The building had a frontage of 210 feet on Meeker avenue, and was 190 feet deep. It was a two-story brick, and 200 persons were employed there. They stopped work at 5:30 o'clock last night, and an examination of the premises then showed that everything was apparently all right. J. T. Hand, the superintendent of the factory, said that the loss would foot up about \$240,000. Most of the work done in the place consisted of clipping off the fur from the skins of rabbits and hares and preparing it for hatters.

Rosebery and the Lords.

He Says Their Position is the Supreme Question of the Hour.

London, Jan. 21.—Lord Rosebery said in a speech in Cardiff Friday evening that Welsh disestablishment would be the first measure of the next Parliamentary session. He did not doubt that the disestablishment of the Church in Wales was doomed, but everybody must remember that the House of Lords presented a permanent barrier to the measure on which the Welsh had set their hearts. The position of the Lords was the supreme question of the hour. When the Government resolution dealing with this question should be submitted, it would involve the dissolution of Parliament. Before the dissolution, however, he wished Parliament to deal with the liquor traffic, representation of labor and the one-man-one-vote issue.

Forty-one lives were lost and sixteen persons were badly injured, five fatally. A large crowd had assembled in the Christian Brothers' Hall to attend a Christmas tree festival. While the festivity was at its height some one climbed on a bench to get a better view, and his head struck a lamp hanging from the ceiling, overturning it. The oil caught fire and the room was soon a mass of flames. There was only one exit, and the flames were between the audience and the door. A Cabinet council discussed the situation. President Moraes favored the summoning of Peixoto here to vindicate himself, but was overruled. Gen. The robbery took place about 9 A. M., but was not discovered until 5 in the afternoon. All this time Treasurer Stofor lay on the floor of the vault gasping for breath, fearing that every conscious interval would be his last. Had it not been for the timely arrival of his wife, the only person in town who knew the combination, he would have died before the door of the vault was opened. Officers are searching the country for the robber, but not a trace has been found.

They had been brought in from country cemeteries within the past two or three days, and represented all ages, from mere infants to gray-haired men and women.

Wants to Be a Desperado.

Chicago, Dec. 31.—Irrving McLean is only a little higher than a table. He wears knickerbockers and claims to be fifteen years old. He has twice robbed the Post-Office at Fulton, Wis., breaking into the Post-Office December 7 and 20. He admits taking each time a number of stamps and packages of letters. He said to United States Commissioner Kemp: "Yes, I robbed the Post-Office and ran away. I want to be a leader of a band of desperados. Then I would be happy." He is thinking it over in jail.

THE LINCOLN MONUMENT.

Efforts to Get the State of Illinois to Take Charge of It.

Chicago, Dec. 18.—At a meeting of delegates from clubs and other organizations interested, held in this city, a resolution was adopted that the delegates pledge themselves to do all in their power to induce the State to take the Lincoln monument out of the hands of the monument association, which now has control of it, and turn it over to the control of the State authorities. The resolution also contemplates making admission to the monument free, and getting an appropriation from the next Legislature of from \$30,000 to \$100,000 to repair the monument. The monument, beneath which rest the remains of Lincoln, has been mutilated by vandals and injured by the weather. It was decided to call a mass meeting some time before January 1 in this city to demand that the appropriation be made at once. Many Assembly candidates were elected on this pledge, and the feeling in the State is intense. Although the Garfield monument cost \$20,000 less, it is much better kept than that of Lincoln.

The Murders at Lakewood.

Edward Archer, a Former Employee of the Sheremans, Suspected of the Crime.

Jamestown, N. Y., Dec. 18.—Edward Archer is suspected of the crime of murdering the Sherman women near Lakewood. That is the only tangible theory that the police have to work on. Archer was employed last summer by the Sheremans, and it is said was not very well liked by his neighbors. The theory is that he knew of the absence of the family at the funeral and went to the house to steal the money which he, being familiar with the habits of the old man, knew was concealed somewhere about the premises. The women had remained behind and recognized him, and to save himself from prison he killed them.

College Boys Poisoned.

Arsenic Found in the Food Served at a Bowdoin Eating Club.

Brunswick, Me., Dec. 18.—Several members of the Delta Kappa Epsilon fraternity of Bowdoin College took their meals with a Mrs. Kaler, who lives on Pleasant street. At dinner on Saturday a peculiar taste was noticed in the soup and ice-cream, and when after dinner several of the party were taken sick, an investigation was made. Arsenic was found in both the ice-cream and soup. Mr. Christie, Mr. Doherty and Miss Maud Kaler are reported as quite sick, but it is thought that they will recover. The facts in the case indicate that there was a deliberate attempt at poisoning, but there is no clue to the guilty party.

Bread and Coal Cheap.

Port Huron, Mich., Dec. 18.—Eight of the twelve large bakeries are selling bread at the rate of two loaves for five cents. This is to meet a cut made by the others, who last week reduced the price from five to three cents a loaf. Hard coal in stove size is selling at \$3.50 per ton, a price unheard of in Port Huron heretofore. A short time ago the local dealers tried to raise the price from \$5.50 to \$5.75 per ton. One dealer refused to raise, and the cut was made to bring him into line. He refused to be brought to time, however, and it is expected that coal will be down to \$2 if the war is not settled soon. A Lapeer avenue baker is selling bread at two cents a loaf.
